## Endocyte to Present at Deutsche Bank's 43rd Annual Health Care Conference

May 1, 2018

WEST LAFAYETTE, Ind., May 01, 2018 (GLOBE NEWSWIRE) -- Endocyte, Inc. (Nasdaq:ECYT), a biopharmaceutical company developing targeted therapeutics for personalized cancer treatment, today announced that the company's management team will present at Deutsche Bank's 43<sup>rd</sup> Annual Health Care Conference being held at the Intercontinental Hotel Boston on Tuesday, May 8<sup>th</sup> at 1:35 p.m. EDT.

A live audio webcast of the Company's presentation can be accessed by visiting "Events & Presentations" under the Investors & News section of Endocyte's website at [www.endocyte.com](http://www.endocyte.com). The webcast will be archived shortly after the live event, and a replay will be available on the Company's website for 90 days following the conference.

### Website Information

Endocyte routinely posts important information for investors on its website, [www.endocyte.com](http://www.endocyte.com), in the "Investors & News" section. Endocyte uses this website as a means of disclosing material information in compliance with its disclosure obligations under Regulation FD. Accordingly, investors should monitor the "Investors & News" section of Endocyte's website, in addition to following its press releases, SEC filings, public conference calls, presentations and webcasts. The information contained on, or that may be accessed through, Endocyte's website is not incorporated by reference into, and is not a part of, this document.

### About Endocyte

Endocyte is a biopharmaceutical company and leader in developing targeted therapies for the personalized treatment of cancer. The company's drug conjugation technology targets therapeutics and companion imaging agents specifically to the site of diseased cells. Endocyte's lead program is a prostate specific membrane antigen (PSMA)-targeted radioligand therapy, <sup>177</sup>Lu-PSMA-617, entering phase 3 for metastatic castration resistant prostate cancer (mCRPC). Endocyte is also advancing its adaptor-controlled CAR T-cell therapy into the clinic in 2018, where it will be studied in osteosarcoma. For additional information, please visit Endocyte's website at [www.endocyte.com](http://www.endocyte.com).
