Endocyte Announces Pricing of Public Offering of Common Stock

September 11, 2018

WEST LAFAYETTE, Ind., Sept. 11, 2018 (GLOBE NEWSWIRE) -- Endocyte, Inc. (Nasdaq Global Market:ECYT), a biopharmaceutical company developing targeted therapeutics for personalized cancer treatment, announced today the pricing of an underwritten registered public offering of 9,459,460 shares of its common stock at a price to the public of \$18.50 per share. In addition, Endocyte granted the underwriters a 30-day option to purchase up to an additional 1,418,919 shares of its common stock on the same terms and conditions. All shares of common stock sold in the offering are being sold by Endocyte. Endocyte expects to close the offering on or about September 14, 2018, subject to the satisfaction of customary closing conditions.

Endocyte anticipates that the aggregate net proceeds from the offering will be approximately \$164.0 million, after deducting underwriting discounts and commissions and estimated offering expenses payable by Endocyte, but excluding any exercise of the underwriters' option to purchase additional shares of common stock. Endocyte intends to use the net proceeds from the offering to fund the continued clinical development of its pipeline products and preparation for the commercial launch of ¹⁷⁷Lu-PSMA-617, if approved, as well as for working capital and general corporate purposes.

Jefferies LLC, Wells Fargo Securities, LLC and RBC Capital Markets, LLC are acting as joint book-running managers for the offering. Wedbush Securities Inc. is acting as lead manager for the offering.
