## Endocyte Announces Closing of Public Offering of Common Stock

September 14, 2018

WEST LAFAYETTE, Ind., Sept. 14, 2018 (GLOBE NEWSWIRE) -- Endocyte, Inc. (Nasdaq Global Market:ECYT), a biopharmaceutical company developing targeted therapeutics for personalized cancer treatment, announced today the closing of an underwritten registered public offering of an aggregate of 10,878,379 shares of its common stock, which includes the full exercise of the underwriters' option to purchase additional shares of common stock, at a price to the public of \$18.50 per share. All shares of common stock sold in the offering were sold by Endocyte.

Endocyte received aggregate net proceeds from the offering of approximately \$188.7 million, after deducting underwriting discounts and commissions and estimated offering expenses payable by Endocyte. Endocyte intends to use the net proceeds from the offering to fund the continued clinical development of its pipeline products and preparation for the commercial launch of <sup>177</sup>Lu-PSMA-617, if approved, as well as for working capital and general corporate purposes.

Jefferies LLC, Wells Fargo Securities, LLC and RBC Capital Markets, LLC acted as joint book-running managers for the offering. Wedbush Securities Inc. acted as lead manager for the offering.

The securities described above were offered pursuant to a shelf registration statement on Form S-3 filed with the U.S. Securities and Exchange Commission, or the SEC, that became automatically effective on September 10, 2018.
